**EPISCOPAL HIGH SCHOOL  
BELLAIRE, TX**

**SPONSOR: LAUREN CUNNINGHAM**

Our chapter has been busy! NAHS members painted children's faces at the Challenger football game, decorated and donated pumpkins to Gardens of Bellaire Senior Living for residents' rooms, and attended a presentation by a representative from the Savannah College of Art and Design. Students will soon be starting their Memory Project portraits for children in Nigeria, and they are looking forward to decorating the library windows for the holidays.

Our chapter members are excited to meet in person and work on art together. We've participated in several events in our community, from our school's Trunk or Treat, homecoming week, Dia de los Muertos Piñata Extravaganza, and the 1000 Paper Crane Project. This year we were able to hold our induction ceremony in person and honor our student artists.

**FORNEY HIGH SCHOOL  
FORNEY, TX**

**SPONSOR: CHELSEA BARANSKI**

Recently, our chapter constructed a sculpture out of cans for our school district's "can-struction" for our canned food drive. Forney High School's football team has been doing amazingly well, so we chose to build a football field and stadium with cans wrapped in our school colors, black and gold.

For the very first time in our school's existence, we established the Golden Epiphany chapter on our campus. We are so excited to engage our community and members of our school in art and its practices and validity in society today. We kicked off our chapter by planning our calendar, spring fund-raisers, working with a sister school to teach art to elementary school students, and becoming gallery assistants for our school district to hold art shows.
